THE CEFR

We follow the **C**ommon **E**uropean
Framework of **R**eference for Languages (**CEFR**)

It's an **international standard** for describing **language ability**

The CEFR shows **what you need to learn** to use a language,
how well you can use English at different levels,
and helps you **see your progress** over time.

THE FLIPPED APPROACH

In a traditional classroom your homework is a **review** of what you **have learned** in class that day

... We do it differently ...

PRE-ASSIGNMENTS

The **homework** you do will be in **preparation** for the **next lesson**.

WHY?

Studies show that when you find grammar rules or patterns by yourself, it's **easier to remember** and **use** them **in real life**.

We can **go deeper** into the topics in class and **fill in gaps** in your understanding.

You have **more time to practice speaking** in class and get **personal feedback** and **corrections**.
